INDEX TO VOLUME 55

Activity patterns and food energy intake 577–86
Adair, Linda S. Pregnancy and lactation, maternal anthropometric changes in rural Taiwan 771–87
Adler, Bella, Effects of infant anemia on developmental and intelligence tests 183–94
Adolescent growth in North Italy 687–706
Adult height, prediction of in early adolescent girls 443–61
Aging and male body dimensions, longitudinal and secular trend 629–41
Alcohol ingestion and sex differences in thermal responses 463–76
Amami Archipelago, physical characteristics of young people 615–27
Anthropometry in Mexican Americans and Anglos 867–83
Ashton Geoffrey C. Mental abilities of Hawaiian children 477–91
Azevêdo, E. S. Surnames, use of for interpreting gene frequency distributions and past racial admixture 235–42

Baker, Paul T. Modernization and spouse concordance in American Samoa 643–52
Barden, Howard S. Down Syndrome, growth and development of selected hard tissues, a review 539–76
Beard, John L. Nutrition and oxygen transport in highland Bolivian children 151–64
Beunen, G. Fatness, growth and motor fitness of Belgian boys 599–613
Boatler, Jeannie Fredon, Infant mortality among Poles, 1895–1944, Chappell Hill, Texas 9–18
Body build, age and thyroid function in women 853–65
Body composition, changes in children 10 to 18 years of age 845–52
Book reviews 195–208, 529–37, 723–9, 885–91
Boyd, Edith, Origins of the study of human growth (reviewed by Michael A. Little) 726–7
Brain, C. K. The hunters or the hunted? An introduction to African cave taphonomy (reviewed by Karen Lee Davis) 891

Carlson, Elof Axel, Genes, radiation, and society: the life and work of H. J. Muller (reviewed by Alice M. Brues) 197–9
Chester, R., Peter Diggory and Margaret B. Sutherland (eds.) Changing Patterns of child-bearing and child-rearing (reviewed by Catherine Lutz) 728–9
Comas, Juan and María Villanueva, Ensayo histórico-bibliográfico (reviewed by Michael A. Little) 885
Crawford, Michael H. and James H. Mielke (eds.) Current developments in anthropological genetics. Volume 2, Ecology and population structure (reviewed by Francisco Mauro Salzano) 886–8
Dawkins, Richard, The extended phenotype. The gene as the unit of selection (reviewed by John H. Relethford) 534–5
Eldredge, Niles and Ian Tattersall, The myths of human evolution (reviewed by G. Philip Rightmire) 727–8
Ferguson, D. B. (ed.) The environment of the teeth (reviewed by Robert H. Biggerstaff) 199–201
Hall, Roberta L. (ed.) Sexual dimorphism in *Homo sapiens:* a question of size (reviewed by Michael A. Little) 537
Harper, A. E. and G. K. Davis (eds.) Nutrition in health and disease and international development: symposia from the XII International Congress of Nutrition (reviewed by Michael A. Little) 536
Harris, C. L. Evolution—genesis and revelations: with readings from Empedocles to Wilson (reviewed by Michael A. Little) 536–7
Harrison, G. A. (ed.) Energy and effort (reviewed by Erica Wheeler) 885–6
Lasker, Gabriel W. and Robert N. Tyzzer, Physical anthropology, 3rd ed. (reviewed by Leslie Sue Lieberman) 201–3
Lewontin, R. C., John A. Moore, William B. Provine and Bruce Wallace (eds.) Dobzhansky's genetics of natural populations I–XLIII (reviewed by William S. Pollitzer) 195–6
Milan, F. A. (ed.) The human biology of circumpolar populations (reviewed by M. H. Crawford) 529–32
Montagu, Ashley, Growing young (reviewed by Marcus S. Goldstein) 889–90
Nathanson, Neal and Leon Gordis (eds.) Epidemiologic reviews, Volume 4 (reviewed by Ralph M. Garruto) 724–6
Roche, Alex F. and Robert M. Malina (eds.) Manual of physical status and performance in childhood. Volumes 1A and 1B: Physical status. Volume 2: Physical performance (reviewed by Michael A. Little) 888–9
Rothschild, Henry R. (ed.) Biocultural aspects of disease (reviewed by Frederick L. Dunn) 723–4
Textbooks (reviewed by Michael A. Little) 205–8
  Johnston, Francis E. Physical anthropology
  Lasker, Gabriel W. and Robert N Tyzzer, Physical anthropology, 3rd ed.
  Poirier, Frank E. In search of ourselves: an introduction to physical anthropology, 3rd ed.
  Stein, Philip L. and Bruce M. Rowe, Physical anthropology, 3rd ed.
  Weiss, Mark L. and Alan E. Mann, Human biology and behavior: an anthropological perspective, 3rd ed.
Weiner, J. S. and J. A. Lourie (eds.) Practical human biology (reviewed by Marshall G. Hurlich) 532–4

Borkan, Gary A. Longitudinal change and secular trend in male body dimensions by age 629–41
Boyce, A. J. Mating structure in historical populations: estimation by surname analysis 251–62
Brennan, Ellen R. Mortality patterns in anthropological populations 1–7; Pre-reproductive mortality and family, Orkney Islands 19–33
Brown, R. J. Surname analysis as a sampling method for recovery of genetic information 219–25
Buchanan, A. V. Names, assessing identity by descent using historical records 313–22
Buschang, Peter H. Height and weight growth of mild-to-moderately undernourished Zapotec children 587–97
Byard, Pamela J. Sibling correlations for body build, age changes and possible sex linkage 677–85

Calloway, Doris Howes, Activity patterns and food energy intake 577–86
Cassidy, James T. Immunoglobulin levels, seasonal effect on variability 797–809
Cavalli-Sforza, L. L. Surnames as neutral alleles: observations in Sardinia 357–65; Surnames in Taiwan, geography and history 367–74
Chakraborty, R. Names, assessing identity by descent using historical records 313–22
Chen, K. H. Surnames in Taiwan, geography and history 367–74
Chumlea, Wm. Cameron, Body composition, changes in children 10 to 18 years of age 845–52
Circulatory disease, physiological dynamics 417–41
Craig, Béatrice C. Infant mortality, French, 1791–1838, St. John Velley 101–13
Crawford Michael H. Mortality patterns under diverse ecological conditions 35–62
Cribra orbitalia, etiology, evidence from elemental hair analysis in Sudanese Nubia 831–44
Cronk, Christine E. Changes in skinfold thickness during adolescence 707–21
Crow, J. F. Surnames as markers of inbreeding and migration, discussion 383–97

da Costa, T. P. Surnames, use of for interpreting gene frequency distributions and past racial admixture 235–242
Dermatoglyphics: affinities of the Lithuanians 165–81
Devor, E. J. Isonymous and non-isonymous surname pairs, matrix methods for analysis of 277–88
Distance measures in Ireland, correlation analysis of 653–65
Down Syndrome, growth and development of selected hard tissues, a review 539–76
Dutt, J. Sickle cell trait, age and pregnancy outcome 763–70
Dyke, Bennett, Vital rates for incomplete pedigrees, estimation of 63–72

English surnames derived from place names, present distribution 243–50
Eriksson, Aldur W. Infant mortality in Åland, Finland 131–49

Fatness, growth and motor fitness of Belgian boys 599–613
Fat, subcutaneous and epicardial 667–76
Fernandez, Luis Paredes, Submaximal work performance of high altitude, preadolescent boys 517–27

Galvin, Kathleen, Growth of nomadic Turkana pastoralists 811–29
Gaskill, Sharon P. Anthropometry in Mexican Americans and Anglos 867–83

Genetic Demography, Denver: Spanish surnames as a marker of Mexican ancestry 227–34
Genetics, Central Yupic Eskimos 409–15
Glynn, Robert J. Longitudinal change and secular trend in male body dimensions by age 629–41
Gomez, Luis Hurtado, Nutrition and oxygen transport in highland Bolivian children 151–64
Gottlieb, K. Genetic demography, Denver: Spanish surnames as a marker of Mexican ancestry 227–34
Gorsky, Robin D. Activity patterns and food energy intake 577–86
Gradie, Margaret I. Longevity patterns in the family and of the family 115–29
Graham, T. E. Alcohol ingestion and sex differences in thermal responses 463–76
Greska, Lawrence P. Submaximal work performance of high altitude, preadolescent boys 517–27
Growth of nomadic Turkana pastoralists 811–30
Guglielmino, C. R. Surnames as neutral alleles: observations in Sardinia 357–65

Haas, Jere, Nutrition and oxygen transport in highland Bolivian children 151–64; Submaximal work performance of high altitude, preadolescent boys 517–27
Harrison, G. A. Sleep and activity patterns, intercorrelation, Otmoor villages 749–62
Harvey, Robin G. Dermatoglyphics: affinities of the Lithuanians 165–81
Hazuda, Helen P. Anthropometry in Mexican Americans and Anglos 867–83
Height and weight growth of mild-to-moderately undernourished Zapotec children 587–97
High altitudes: nutrition and oxygen transport in children 151–64; submaximal work performance of boys 517–27
Hernandez, R. Sickle cell trait, age and pregnancy outcome 763–70
Hoff, C. Sickle cell trait, age and pregnancy outcome 763–70
Holt, Nasha, Hyperglycemia, age and centripetally distributed fat in Dogrib Indians 493–515
Housh, Terry J. Swimmers, elite adolescent competitive, anthropometric characteristics 735–48
Hults, David E. Longitudinal change and secular trend in male body dimensions by age 629–41
Hurd, J. P. Isonymy and pedigree analysis measures compared in estimating relationships between three "Nebraska" Amish churches 349–55
Hurwich, B. J. Name, father's first, tracing kinship through in an Israeli Arab patrilineal community 375–81
Hyperglycemia, age and centripetally distributed fat in Dogrib Indians 493–515

Immunoglobulin levels, seasonal effect on variability 797–809
Inbreeding, expected versus actual: reinterpretation of the random/non random inbreeding formula 323–9
Inbreeding, measured by dispensations and isonymy on Eriskay 289–95
Infant anemia, effects on achievement on developmental and intelligence tests 183–94
Infant mortality among Poles, 1895–1944, Chappell Hill, Texas 9–18
Infant mortality, French, 1791–1838, St. John Valley 101–13
Infant mortality in Åland, Finland 131–49

Intelligence: and infant anemia 183–94; of incross and outcross Hawaiian children 477–91
Isonymous and non-isonymous surname pairs, matrix methods for analysis of 277–88
Isonymy and diabetes prevalence in Vinalhaven, Maine 305–11
Isonymy and inbreeding in Japan, studies of, 263–76
Isonymy and mate choice on St. Bart, computer simulations 297–303
Isonymy and pedigree analysis measures compared in estimating relationships between three "Nebraska" Amish churches 349–55

James, A. V. Isonymy and mate choice on St. Bart, computer simulations 297–303
James, Gary D. Modernization and spouse concordance in American Samoa 643–52
Johnson, Glen O. Swimmers, elite adolescent competitive, anthropometric characteristics 735–48
Jorde, Lynn B. Infant mortality in Åland, Finland 131–49

Kaplan, B. A. English surnames derived from place names, present distribution 243–50
Katch, Frank I. Subcutaneous fat, ultrasound assessments of 789–95
Kitagawa, Chie, Amami Archipelago, physical characteristics of young people 615–27
Kramer, Patricia, Adolescent growth in North Italy 687–706

Lasker, G. W. English surnames derived from place names, present distribution 243–50; Surname frequencies in England and Wales 331–40
Leatherman, Thomas L. Submaximal work performance of high altitude, preadolescent boys 517–27
Lees, Francis C. Distance measures in Ireland, correlation analysis of 653–65
Lewitter, F. I. Name, father's first, tracing kinship through in an Israeli Arab patrilineal community 375–81
Libet, M. L. Inbreeding, expected versus actual: reinterpretation of the random/nonrandom inbreeding formula 323–9
Lin, Paul M. Mortality patterns under diverse ecological conditions 35–62
Little, Bertis B. Anthropometry in Mexican Americans and Anglos 867–83
Little, Michael A. Growth of nomadic Turkana pastoralists 811–29
Longevity patterns in the family and of the family 115–29
Lovejoy, C. Owen, Skeletal age at death, determination and demographic implications 73–87
Lynch, Christopher M. Vital rates for incomplete pedigrees, estimation of 63–72

Malina, Robert M. Height and weight growth of mild-to-moderately undernourished Zapotec children 587–97; Fatness, growth and motor fitness of Belgian boys 599–613; Anthropometry in Mexican Americans and Anglos 867–83
Manton, Kenneth G. Physiological dynamics of circulatory disease 417–41
Mating structure in historical populations: estimation by surname analysis 251–62
McGarvey, Stephen T. Modernization and spouse concordance in American Samoa 643–52
Meglen, Robert R. Cribia orbitalia, etiology, evidence from elemental hair analysis in Sudanese Nubia 831–44
Meindl, Richard S. Skeletal age at death, determination and demographic implications 73–87; Longevity patterns in the family and of the family 115–29
Mensforth, Robert P. Skeletal age at death, determination and demographic implications 73–87

Mental abilities of incross and outcross Hawaiian children 477–91
Mi, Ming-Pi, Mental abilities of incross and outcross Hawaiian children 477–91
Mielke, James H. Infant mortality in Åland, Finland 131–49
Modernization and spouse concordance in American Samoa 643–52
Moreno-Black, Geraldine, Submaximal work performance of high altitude, preadolescent boys 517–27
Morgan, Kenneth, Mortality changes in Hutterite brethren, Canada 89–99
Moroni, A. Surnames as neutral alleles: observations in Sardinia 357–65
Mortality changes in Hutterite brethren, Canada 89–99
Mortality patterns in anthropological populations: symposium 1–149
Mortality patterns under diverse ecological conditions 35–62
Mueller, William H. Pregnancy and lactation, maternal anthropometric changes in rural Taiwan 771–87
Mugambi, Mutuma, Growth of nomadic Turkana pastoralists 811–29
Mukherjee, Debabrata, Changes in skinfold thickness during adolescence 707–21

Name, father's first, tracing kinship through in an Israeli Arab patrilineal community 375–81
Names, assessing identity by descent using historical records 313–22
Nordby, Gordon L. Immunoglobulin levels, seasonal effect on variability 797–809
Nubani, N. Name, father's first, tracing kinship through in an Israeli Arab patrilineal community 375–81
Nutrition and oxygen transport in highland Bolivian children 151–64
Nydon, Judith, Longevity patterns in the family and of the family 115–29

Onat, Teoman, Prediction of adult height of young adolescent girls 443–61
Ostyn, M. Fatness, growth and motor fitness of Belgian boys 599–613

Palmer, C. D. Sleep and activity patterns, intercorrelation, Otmoor villages 749–62
Palti, Hava, Effects of infant anemia on developmental and intelligence tests 183–94
Pevsner, Bella, Effects of infant anemia on developmental and intelligence tests 183–94
Polednak, Anthony P. Body build, age and thyroid function in women 853–65
Pollitt, Ernesto, Pregnancy and lactation, maternal anthropometric changes in rural Taiwan 771–87
Pregnancy and lactation, maternal anthropometric changes in rural Taiwan 771–87
Pre-reproductive mortality and family, Orkney Islands 9–13

Refsell, Mark J. Swimmers, elite adolescent competitive, anthropometric characteristics 735–47
Relethford, John H. Distance measures in Ireland 653–65
Renson, R. Fatness, growth and motor fitness of Belgian boys 599–613
Reyes, E. Sickle cell trait, age and pregnancy outcome 763–70
Ribeiro, L. R. Surnames, use of for interpreting gene frequency distributions and past racial admixture 235–42
Riviere, Peter G. Vital rates for incomplete pedigrees, estimation of 63–72
Roberts, D. F. Surnames and relationships, Orkney 341–7
